

Unique Volunteer Opportunity

Pre-teen Dance Team

Parkgate Community Services is offering an opportunity for mature youth and young adults to participate in a group volunteer team!

This team of volunteers will be provided training and orientation in order to successfully support pre-teen dances which are hosted monthly at Parkgate.

Connect the next generation of youth to the services of Parkgate Community Services. Support social development for local pre-teens in a safe and caring atmosphere while learning team building and leadership skills.
